Chapter Heads Enthusiastic Over First Training Program Held At CSEA Annual Meeting

Approximately 200 chapter presidents and other officers indicated overwhelmingly at an Al-

bany meeting that they want training in the duties of their offices as proposed by the Public Relations Committee and endorsed by the Board of Directors of the Civil Service Employees Association.

Proved methods of keeping members active and interested in Association progress, as well as parliamentary procedure in conduct of meetings and other helpful hints will be transmitted to chapter presidents in printed kits and by oral instruction.

The meeting at the Albany Elks' Club on October 13 left no doubt as to the demand for more help at the chapter level. Chapter officers of the county division were especially enthusiastic over the suggestion but state division representatives said they were equally anxious to share in the training program.

Joseph D. Lochner, executive director of the Association, represented President John F. Powers. He endorsed the proposals, said that headquarters is aware of the need for the program and promised early activating of the idea.

Philip Kerker, Public Relations Director of the Association, said his office is ready to begin work on the chapter training kits within a month. He explained the objectives of the program and welcomed the help of the Public Relations Committee, the Education Committee and trained personnel within the membership of the Association in carrying out the program each time new officers are installed in chapters.

Notice!

In reporting on the salary resolution adopted by the Civil Service Employees Association, it should be noted that the requested 12½ percent, \$500 minimum raise sought by the CSEA is to be applied to last year's gross compensation.

ID Cards For State's New Hotel Credit System On the Way to Employees

ALBANY, Oct. 27 — Identification cards for the State's new hotel credit card plan will soon be on the way to employees who travel regularly on State business.

The Department of Audit and Control announced that all State agencies have been asked to apply for the needed number of lodging request books. The new system is to go into effect October 31.

Individuals need not make personal application for these identification cards as the agencies themselves will distribute them to authorized traveling personnel.

As a result of the credit arrangement, State employees will no longer have to advance large sums of money which must later be reimbursed to them by the State. It is estimated that more than 60 per cent of travel expenses can be charged in the future, leaving only meals and incidental expenses.

Under the new rules, promulgated by the Department of Audit and Control, a traveling employee will get an identification card which he will present when checking in at participating hotels. In checking out the employee will fill a "Lodging Request Form" which the hotel will submit to the state for payment. The form and procedures are similar to the transportation requests in use for several years.

Covers Room Only

The credit system is intended to cover only the room charge allowable under the Comptroller's rules and regulations. All other charges will be paid by the employee.

The forms and instructions necessary to institute the new system were sent to all State Agencies last week.

The Civil Service Employees Association, representing the great

majority of State employees, has repeatedly urged the State to find some method of relieving employees of the financial burden of advancing their own personal

funds to underwrite a trip on State business. In some cases, employees have been forced to borrow money in order to have sufficient cash to make the trip.

Be A Good U.S. Citizen And Cast Your Ballot

In a short time, Americans through out the land will be exercising their precious right to choose the men who guide their political destinies. We, as Americans, civil servants and Association members, must do our share in selecting the leaders of tomorrow. Your Association does not tell you how to vote — exercise of your own free choice is your privilege. Your Association does ask you to use your ballot — this is your duty.

Pilgrim Chapter Appeals For Many Blood Donors

Pilgrim Chapter Employees Blood Bank is being rapidly depleted due to the many calls it has had during the past year.

It anticipates an even greater demand during the coming year. The Committee urges as many employees as possibly can to contribute to this most worthy cause. It is not necessary to explain the good that has been done and the lives saved through this means. We see the results on all sides — at home — at work and in our travels.

The chapter sends out this call to all employees who feel they would like to contribute. November 10, the Intercounty Bloodmobile will

be at Pilgrim State Hospital, Community Stores Building to process all donors. Informative literature is being dispensed at the Hospital. Blanks may be obtained through the Supervising Nurses Offices, Department Heads and in all buildings, on which instructions are given to assist those who wish to pledge contributions.

EXAMINER PROMOTED

ALBANY, Oct. 20 — Lafayette E. Millspaugh, Bronxville, has been promoted from principal to supervising bank examiner in the State Banking Department. His new salary, which was effective Sept. 11, is \$11,764 a year.

Further Resolutions Round Out Association's Legislative Stand

This week The Leader publishes the remainder of the more than 80 resolutions approved by the delegates to the 48th annual meeting of the Civil Service Employees Association, held recently in Albany.

These resolutions are the basis for the Association's legislative program, designed to bring millions of dollars in benefits to public employees on all levels in the State.

The Association's lead-off resolution, printed last week, calls for a 12½ per cent, \$500 minimum raise for all state workers. Other resolutions seek to mandate local employees to better salary structures.

Here are the remaining resolutions:

GROUP D — MISCELLANEOUS

MENTAL HYGIENE MEMO

By A. J. COCCARO

You Should Belong

The Civil Service Employees Association is engaged on an extensive membership campaign to swell its present number of 80,000.

The chapter president and the chairman of the membership committee in each unit have been contacted and are presently canvassing all non-members. You can assist this campaign by signing up one member. To enroll a non-member all one has to do is ask the chapter president or any member of the chapter membership committee for a "payroll deduction authority card", and have the employee complete and sign the card. Return the signed card to the chapter president.

No other organization in the State comes anywhere near the CSEA in membership strength. For this reason the CSEA is recognized by State officials as the bargaining agency for State employees.

It costs approximately two (2c) cents a day for each member to belong. The basic service that the Association provides for its 80,000 members is that of a general service. The staff works towards salary increases, improved retirement, and other major benefits, such as social security and health insurance, that can benefit all members. The staff works toward benefits that will increase or protect your income and put the "bread and butter" on your table.

In addition to the large broad programs the Association in recent years established a new personal service for its members. The CSEA is spending thousands of dollars each year to assist members who are facing disciplinary charges. One never knows when a mistake or occurrence will cost him his job. As a member, you are provided legal assistance when in need.

You should belong even if you never will need the service. A member in your family does not qualify you for this protection. You must belong to qualify for legal assistance.

OUR 62nd YEAR

To All State Employees!!

I have pointed out the importance of attracting and keeping an able civil service staff in New York State. It's for these reasons that I've urged:

1. The payment to state employees of salaries comparable to those paid by private industry.
2. Improvements in the retirement system.
3. Amendments to the state social security law.
4. Increased supplemental pensions for retired employees.
5. The creation of a program to help you state employees develop your skills so you can better your chances for promotion.

I know there has been a decline in morale as the result of the introduction of the spoils system in the Conservation Department and state prison system, the firing of older workers, attacks by the Governor on personnel of the Public Works Department, and the replacement of top-flight public servants with political appointees. For all of this Mr. Harri-man cannot escape responsibility.

There must be a stop to such practices. We must have a sane and forward looking program that will make civil service attractive and rewarding to all of you.

Eliminating One Issue

At this writing Governor Harriman and his opponent, Nelson A. Rockefeller, have wooed the civil service vote strongly, both promising to work hard to bring employee salaries more in line with those in private industry.

We present here the very formula by which they can fulfill this goal.

The Civil Service Employees Association, at its recent annual meeting attended by hundred of delegates, approved a resolution calling for a 12 1/2 per cent, \$500 minimum raise on gross pay for all State workers.

This figure was not pulled out of a hat. The Association's Salary Committee has spent the last year checking and re-checking the percentum figures by which the average public employee lags behind his counterpart in private industry. The State, too, has conducted a similar survey and arrived at a similar conclusion.

With both sets of figures matching so closely, the winning candidate should have no difficulty in accomplishing the goal of equal pay for equal work. The above figures are facts, not wishful thinking.

The Association resolution, if acted upon, can restore the public worker to first-class citizenry in one legislative session. We call on Mr. Harriman and Mr. Rockefeller, whichever should be elected, to fulfill his campaign promises and grant what the Association seeks. This indeed would bring equity to the civil service.

Vote For These

THREE propositions appearing on the forthcoming ballots for the November 4 voting deserve the support of all citizens

These propositions ask funds for slum clearance, urban renewal and the public housing program of the State. Among the major groups endorsing these proposals is the Civil Service Employees Association, representing more than 80,000 State, county and municipal workers. The Association also endorses the Mitchell-Lane method of encouraging the building of more middle income housing by the reduced method of financing.

All civil servants urge their families and friends to vote "Yes" on these propositions which are so vital to these propositions which are so vital to the welfare of our State and its communities.

Labor Policy Hailed

EMPLOYEE organizations have been expectedly prompt in hailing the labor policy recently announced by the U.S. Department of Commerce. Under that policy employees of the department are not only continue to be allowed to join employee organizations, including unions, but now are encouraged to join, something new for government to do.

Employee relations improve when the employer can deal directly with a responsible group, rather than have to deal with each individual, one at a time, and particularly an individual who is unlikely to have all the documentation and knowledge necessary for waging a case effectively. An organization has that know-how, has expert advisers, including able legal counsel, and makes for better results all around.

The new regulations also recommend checkoff of employee organization dues.

The Department of Commerce performs some police functions, a fact that gives the new liberal labor relations policy added significance.

HOW CONDON-WADLIN LAW LOOKS TO ONE READER
Editor, The Leader:

The public does not sufficiently understand the civil servant's resentment of the Condon-Wadlin Law that prohibits public employees from striking.

This law implies that civil servants, above all other workers, must be restrained ahead of time from an act they have given little or no indication of committing. This is nothing less than pre-judgment and pre-condemnation, as well as a slur on the sense of duty possessed by the civil servant. This onus must be removed.

Social Security Questions

HOW MUCH will my old-age benefits be if I retire at the end of this year, and how much if I work next year until my earnings go over \$4,800? L. V. J.

On the basis of your having had maximum earnings in recent years, your monthly benefits would be \$116 if you retire at the end of 1958. By working in 1959 until your earnings reach \$4,800, the monthly benefit would be increased to \$119.

I HAVE BEEN receiving these disability benefits since January 1958. Now that my family is eligible, when will their benefits start? P.L.O.B.

Under the new law, the first month that any benefits can be paid to dependents of disabled workers is September, 1958.

WHEN A MAN covered by Social Security dies, does his widow who is under age 62 receive a monthly pension? C. V. B.
No, unless the widow has the wage earner's child (his natural, adopted or stepchild) who is either under 18, or disabled, and unmarried and in her care, she must wait until age 62 to apply for widow's benefits. She can, however, apply for a lump-sum death payment.

HAS THERE BEEN an extension of the deadline for filing fully retroactive disability freeze applications? P. E. J.

The 1958 amendments give workers with long-standing disabilities until June 30, 1961 to apply to have their Social Security records frozen as of the time they actually became disabled. Under the old law, where an application was filed after June 30, 1958, the worker's disability could for social security purposes be considered to have begun no earlier than one year before the date of his application.

IF I APPLY for widow's benefits will I receive less at 62 than at 65? P. E. J.

No. I'm 28, and have a wife and three children I've worked under Social Security for the past six years and have earned over \$5,000 each year. How much could my wife and children receive if I should die? B. E.

Your wife could receive a lump sum death payment of \$255 and monthly payments of \$254. Monthly payments would continue at that level until your youngest child reaches age 18; however, they would be less than \$254 after the oldest child reaches 18.

WANTS PROMOTION EXAMS CITYWIDE
Editor, The Leader:

Soon there will be a New York City departmental test for promotion to plumber in conjunction with an open-competitive one. I find myself ineligible to compete in either. My department is not included in the promotion program, and I am a little past the age limit for admission to the open-competitive test.

All promotions should be held on citywide basis so that all City

employees would have an equal opportunity. Employees of the smaller departments would be allowed to compete for jobs in larger departments where vacancies occur more frequently, and city employees would have the opportunity to fill vacancies before the open-competitive list is reached.

An alternate plan would be to waive the age limit for those City employees who meet other requirements for the open-competitive examinations.

JUDICIAL DECISIONS

Special Term, New York County

Kelly v. Board of Examiners. Petitioners were candidates in examinations for license for principal and for license for junior principal. The supervision test for both examinations was the same and constituted one-fifth of each examination although a passing mark of 60 percent was required in the examination for principal whereas a passing mark of only 50 percent was required for junior principal. All the petitioners received 53 percent in the supervision test thus they failed the examination for principal. They appealed to the appeals committee of the board and their grade raised to 58.75 percent. They then demanded that their final rating on the junior principal examination be raised and that their places on the list be advanced accordingly. It was pointed out by the court that the appeal of petitioners was taken in the examination for principal and that under the bylaws of the board no appeal is permissible in the examination for junior principal since petitioners had passed that examination. The court held that petitioners would receive an unfair advantage over the competitors in the junior principal examination if their contentions were sustained and accordingly dismissed the petition.

O'Neill v. City of N. Y. Plaintiff, a patrolman, was arrested on February 10, 1956, charged with felonious assault. He was examined by a police surgeon and found to be suffering from acute alcoholism. On that day he was suspended without pay pending departmental charges. Written charges were served on him on February 29, 1956. He was subsequently acquitted in County Court of felonious assault. However, he was found guilty in the departmental hearing and fined thirty days pay. He brought a motion for summary judgment contending that his suspension was unlawful in that no written charges were in existence at the time and his salary could not therefore be withheld. The court held that petitioner was not prejudiced by the absence of written charges, since he does not deny that at all times he knew the reason for his suspension. The circumstances demanded the suspension immediately upon the apprehension of the plaintiff. His motion was denied and summary Supreme Court, Lewis County

Berry v. State Conservation Dept. Petitioner, an exempt volunteer fireman, was discharged from his position of shop foreman without a hearing. The department claimed he was a temporary employee and not entitled to a hearing on charges. After trial the court found this contention to be without merit and

ordered the petitioner reinstated to his position.

Arnold v. Kennedy. Petitioner was dismissed at the end of his probationary period as partolman (P.D.). It was shown that during his probationary period he had on two occasions lost or mislaid his badge and on one occasion had been guilty of lateness. The court held that the police commissioner had the right to dismiss petitioner without a hearing, and since there had been no showing that his action was arbitrary or capricious the petition was dismissed. (NYLJ 8,2258).

PROCEEDING INSTITUTED:

Brown v. Schechter. Petitioner, a Supervisor in Dept. Welfare, seeks an order directing personnel director to make available for inspection the records with respect to the reclassification of his position.

Two Offices Merge In New Location

The State Employment Service merged two of its major agencies in new quarters, State Industrial Commissioner Isador Lubin announced.

The Professional office, formerly at 119 Fifth Avenue and the Nurse and Medical Placement Center, formerly at 136 West 57th Street, will now be at 444 Madison Avenue.

The combined facilities, now called the Professional Placement Center, placed 40,000 persons in 1957.

The newly-formed unit will continue, through its Medical Section, to offer placement, counseling and testing services to doctors, dentists, biologists, public health executives, nurses, medical technologists and others in related fields. The same services will be available through the Professional section to persons in such fields as advertising, public relations, scientific research, engineering, business management and social work.

Syracuse Guild Receives Communion

The Catholic employees of the State in the Syracuse held their Annual Dongan Guild Communion and breakfast on Sunday, October 26. The group received Holy Communion in a body at the 8:00 A.M. Mass at the Cathedral of the Immaculate Conception. A breakfast was served later at the Yates Hotel.

Guests of honor included Mayor Anthony A. Henniger, State Legislators, Raymond G. Castle, Vice President of the Civil Service Employees Association; Tom Ranger, President of the Syracuse Chapter, CSEA, and heads of various State departments.

Daniel F. Matthews, Attorney, spoke on "Catholic Action" and a short address by Assemblyman Lawrence Rulison. The Rev. William J. Shannon, Assistant at the Cathedral, gave the invocation.

John R. McMahon of the Conservation Department is General Chairman, assisted by John J. Halpin, Public Works and Doris LeFever and Helene Callahan of the Workmen's Compensation Board.

U. S. Raises Actuaries' Pay

WASHINGTON, Oct. 27 — In the first such action since the recent general 10 percent pay increase for the Government's white-collar workers, the U. S. Civil Service Commission has authorized above-minimum starting pay rates for actuaries in grades GS-5 through GS-14. The new pay rates become effective early in November for both present employees and new hires in the affected positions.

The action was taken to help meet a critical need for actuaries, principally in the Departments of Air Force and Health, Education and Welfare, the Veterans Administration, and the Railroad Retirement Board. The adjust-

ments were made under authority of Congressional legislation permitting recruitment at higher than normal entrance pay rates when the Federal Government is at a competitive disadvantage with private employers and the Federal need is acute.

It is expected that the higher rates will make it possible to recruit about 44 actuaries, most of them in grades 11 and 12. The higher rates will also be reflected in pay of 36 actuaries now employed in grades 9 through 14. The adjustment puts entrance rates for actuary positions on the same level as starting rates for mathematician and mathematical statistician positions in these grades.

New yearly entrance rates for the positions at the various grades are as follows:

The first-year cost of the action is estimated at \$22,820, of which \$16,170 will be for increases in pay of new hires and \$6,450 for incumbents.

Military Training Officer Jobs Open

The U.S. Civil Service Commission seeks training officers (military sciences), \$7,030 and \$8,330 a year, for positions with the U. S. Naval Training Device Center, Port Washington, L.I.

The duties of the position involve the participation in programs involving military training devices, and the training of technical personnel.

Applicants must have completed college study in both technical and educational fields, have had appropriate military or civilian training experience, or have had any time-equivalent combination and experience. In addition, applicants must have had appropriate specialized experience in training programs concerned with technical equipment.

Applications and announcements may be obtained from the Board of U.S. Civil Service Examiners, U.S. Naval Training Device Center, Port Washington, L.I.

TRANSCRIBING TYPIST TITLE ON WAY TOWARD ADOPTION

Typists who work from edictaphones and dictaphones are to be given titles by New York City to distinguish the work from that of the run of typists. The new title is to be transcribing typist. The recommendation comes from the Classification Appeals Board, goes to the City Civil Service Commission and requires approval by the Board of Estimate before becoming effective.

ADVICE TO STATE EXEC'S...

The First Harriman Administration

***A Record of Service
To Those Who Serve***

The Harriman Creed for Civil Service Employees...

"A Promise Made Is A Promise Kept"

In 1954 Averell Harriman challenged his opposition not with hedges...but with pledges. For New York State's public employees, he promised *specific* strides that represented momentous progress in the history of your department.

Candidate Harriman Pledged:

- 1.** Reversal of the policy of making political jobs out of positions that rightfully and lawfully should be competitive and non-political.
- 2.** Pay based on the value of the services rendered, with equal or similar pay scales for those doing work requiring the exercise of equal or similar responsibility and skill.
- 3.** State salaries that keep pace with the increasing cost of living.
- 4.** Vigorous efforts to extend the 5-day 40-hour week as uniformly as possible throughout the State Civil Service.
- 5.** Establishment of a sound labor relations policy as proposed in the section on labor.
- 6.** Initiation of a full scale in-service training program to increase promotion opportunities for employees now in service.
- 7.** Effective action to keep out of public service Communists and other conspirators against our democratic forms of government.
- 8.** Exploration of plans to establish prepaid contributory health insurance program for our 78,000 state employees, with free choice of doctors and service benefits.

40-HOUR WEEK	During Governor Harriman's first administration, the dream of the 40-hour week has become a reality for almost 40,000 employees of our state. In addition, by administrative action alone, maximum work hours for members of the Division of State Police have been reduced from over 100 hours to 60 hours maximum per week.	✓
SOUND LABOR RELATIONS POLICY	Governor Harriman, in his first year in office, effected an Executive Order greatly simplifying the procedures for obtaining a fair and impartial hearing of grievances without fear of coercion and reprisal. He continues to work hard for repeal or drastic modification of the Condon-Wadlin anti-strike legislation, for collective bargaining principles, and for mediation and fact-finding procedures.	✓

PROMISE	PERFORMANCE	SCORE
INCREASED PROMOTION OPPORTUNITIES	<p>An intensified in-service training program over the past four years has brought rapid advancement each year to more than 100 graduates of the course in rudiments and ramifications of government. Other training programs throughout the state help keep employees progressing in the efficient performance of their jobs. Many entrance level positions have been made "trainee positions", assuring adequate income during a year's training, followed by promotion and commensurate salary increase.</p>	✓
PREVENT COMMUNIST INFILTRATION	<p>Governor Harriman's vigilance against the threat of Communists and other conspirators entering our state government has resulted in stand-by legislation providing for swift weeding-out action when necessary, while protecting against reckless invasion of public employees' rights.</p>	✓
HEALTH INSURANCE PROGRAM	<p>Accomplishments in the Health Insurance field far exceed even Governor Harriman pledge. On December 5, 1957, coverage became available under a health insurance system guaranteeing freedom of choice as to doctors and service benefits, with the state assuming a large portion of the premium contributions, the cost of which for the first year will exceed five million dollars. At the present moment, over 83,000 state employees are covered, and recently the benefits of this plan have been made available to political subdivisions of the state. This state health insurance plan was characterized by one of the federal agencies in Washington as "the finest available to public employees anywhere".</p>	✓

Progress Beyond The Promise...

Here's how the first Harriman administration delivered even more than its commitment to Civil Service workers:

- A.** Obtained Federal Social Security benefits for all public employees in New York State, by supplementing benefits under the Employees' Retirement System.
- B.** Accomplished recodification of the Civil Service Law (takes effect April 1, 1959) that had been kicked around since 1950!
- C.** Doubled Ordinary Death Benefit under Employees' Retirement System to one full year's salary.
- D.** Instituted uniform attendance and leave regulations for both departmental and institutional employees.
- E.** Intensified scrutiny of local Civil Service administration.
- F.** Numerous other Civil Service amendments of lesser note include (1) protection of rights of all competitive employees involved in disciplinary actions; (2) waiving of fees for promotion exams; (3) assurance of pay increase on promotion; (4) adoption of bi-weekly pay schedules; (5) permitting payroll deduction of dues for employee organizations; (6) provision for a cash payment for overtime and vacation on separation from service.

The Second Harriman Administration and

NEW HORIZONS FOR CIVIL SERVICE EMPLOYEES

Promises you can bet will be kept when you vote Row B:

1. Fair compensation schedules for public employees. The immediate goal is achievement of wage increases to make up for those turned down by the Republican Legislature this year.
2. A permanent increase in death benefits or the establishment of insurance benefits for employees, with part of the cost borne by the state.
3. Creation of an employee representation on a permanent health insurance board.
4. Improvement of the supplemental pensions of retired employees in recognition of major increases in the cost of living.
5. Repeal of the unworkable provisions of the Condon-Wadlin Law, and establishment and revision of appropriate grievance machinery.
6. Improvement of local Civil Service, *provided necessary additional appropriations will be forthcoming from the legislature.*

Decide now to go forward with Harriman, and give him a Democratic legislature to work for you.

Choose an administration, under the leadership of a great Governor, that

- recognizes the tremendous contributions you have been making—and fights for the rightful wage increases you have earned
- instituted the nation's finest Civil Service Health Program, now setting the pattern for local Civil Service groups
- made available full Social Security coverage, for the first time, to all public employees.

Central Islip

The board of directors of the Central Islip chapter, CSEA, held their regular monthly meeting in Robbins Hall. Many items of in-

terest to the chapter were discussed.

All personnel joined Dr. O'Neill, our director, in welcoming Dave Garroway and his staff to the hospital. Mr. Garroway televised

his show, "Today," from cur hospital, bringing before the public the great advances of mental health, especially the new open door policy.

The chapter is happy to hear

that Kenda Patton is much improved after a serious operation.

John Doliso, chapter president, has appointed a committee of seven members to formulate plans for the chapter's annual dinner. The names of committee members the time and the place of the dinner will be announced later.

The safety patrol department has received two new autos.

Congratulations to Bernard McKeever, who has been sporting a new car.

George Marshall, a member of the chapter's board of directors, is back on duty after his recent illness.

Now—Run Your Car Without Spark Plugs—

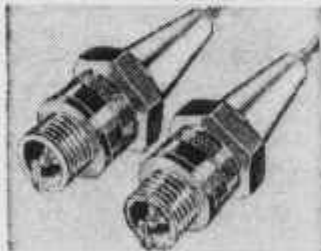

Get Up to 31 More Horse-Power, 8 More Miles per Gallon USING ONLY REGULAR GAS!

Yes—this revolutionary new FIRE INJECTION SYSTEM—installed in 15 minutes, must deliver maximum power and economy WITHOUT CHANGING TO HIGH-PRICED PREMIUM GAS—must give you up to 31 more H.P., 8 more miles per gallon for the life of your car! See unprecedented GUARANTEE below!

Your car runs because gasoline is fed into the cylinders where a spark causes it to fire. This action causes the gas to explode... this explosion pushes down the piston. Now here is the important thing to you. The larger this spark is, the more powerful the explosion. The more powerful the explosion, the more power you get from a given amount of gasoline. Poor explosion means wasted gas — loss of power, poor getaway, bad starting, a sluggish car. Good explosion means more miles per gallon, more horsepower, blazing pickup, instant starting; an exciting car to drive!

What Controls Your Engine's Efficiency?

Your spark plugs control the efficiency of that explosion. And not only do they give a small, weak spark to begin with, but they get worse every mile you drive. And that you can see for yourself. Put a new set of spark plugs in your car and then look at them at 100 miles, at 1,000 miles, at 5,000 miles. Every time you look

you will see more filth and carbon and you will see more of the electrode burning away. Why, some of the new high compression engines can burn up a set of plugs in a couple of thousand miles of driving. Now you ask yourself how a weak, inefficient spark from a filthy, burned-out plug can possibly give you the kind of flashing, economical performance you want.

Stop Using Spark Plugs—Now!

Now read very carefully what we're going to suggest... that you stop using spark plugs in your car! That's right—get rid of them—forever. But—if you get rid of your spark plugs, what will make the engine run?

Well, please remember that if you were told a couple of years ago that your car could run without a carburetor you wouldn't have believed it—yet today you can have gas injection and get far more mileage, efficiency and power from less gas—and in a few years gas injection will have completely replaced the carburetor on most cars. In the same way, now is the time to replace your old-fashioned, temporary, inefficient spark plugs with a modern, efficient, permanent fire injection system, and you can do it yourself in 15 minutes if you've never handled a tool in your life!

Mechanics and Engineers Read This Carefully

Now, this fire injection system is so inexpensive that it can pay for itself in gas savings alone in one month of driving. Forget, for the moment, about the extra pep, power and performance you are going to get. Forget about the savings in spark plug servicing and replace-

ment, the savings in wear and tear on your pistons and cylinders that come from unburned gas washing the protective oil coating off the cylinder walls. Just remember that this fire injection system will pay for itself in gas savings alone in a single month of driving. Here's how:

A spark plug jumps a spark of electricity across an air gap; this is most wasteful, and limits the size of the spark.

A fire injector fires on the surface of an electrical conductor. You get a heavy, powerful flame that will not blow out at pressures far greater than those created by even the highest compression engine!

On ordinary spark plugs the air gap is always getting bigger, wasting power and gas. Your plug is constantly accumulating filth and carbon because of inefficient ignition.

A fire injector has no air gap and no electrode to burn away. It never needs cleaning or setting; it actually becomes more efficient with use. It will actually outlast your car, delivering maximum efficiency without servicing or replacement. There is no waste gasoline, no loss of power,

Now—Use Regular Gas!

With ordinary spark plugs you are using, or should be using premium gas, which costs from 4 to 8 cents more than regular gas.

With fire injectors regular gas will give you up to 8 more gas miles per gallon, up to 31 more horsepower, plus easier starting in all weather.

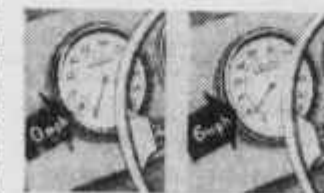

Ordinary spark plugs have to be replaced regularly. In some of the new high compression cars, a set of plugs will burn up in two months.

A fire injector installation is guaranteed for the life of your car, without cleaning, servicing or replacing.

These are some of the reasons that the U. S. Air Force pays premium prices for special aircraft fire injectors for their jets—and why you will ultimately find fire injectors in all automobiles in the very near future.

Here is Positive, Scientific Proof!

Now when you get your set of SA FIRE INJECTORS, here is all you do. If you have automatic transmission, make a note of how fast your car crawls forward when it is in the drive position, with the motor

idling. If you have a sports car, a racing car or a boat, make a note of the RPMs as indicated on the tachometer when the engine is idling.

If you have regular transmission, put your car in low gear on a level road and notice its speed with the motor idling. Next, take any inexpensive auto spark plug wrench and remove your spark plugs. You'll never need them again! Just screw your injectors right into the spark plug openings. Then—no matter what kind of gas you have been using—all your tank with the poorest regular gas you can buy. That's all you have to do to see the most amazing results you could ever imagine in all the years you have driven an automobile!

Check Your Results Carefully

If you have automatic transmission—now put your car in drive and let your engine idle. If your car stood still with spark plugs, it will move forward at from 4 to 6 miles per hour; that means that the amount of gas that just kept your engine turning over will now carry you up to 6 miles at no cost to you!

If you have a racing or sports car or a boat, your RPMs will increase up to 200 more at idling—up to 300 more at higher speeds.

If you have regular transmission, in low gear and with your motor idling YOUR CAR WILL MOVE FORWARD 4 TO 6 MILES PER HOUR FASTER. In other words, no matter what you drive, here is absolute proof that you can go further, faster and cheaper when you put proven SA FIRE INJECTORS in your car!

SEND NO MONEY!

Now, if you're the kind of driver who wants his car to move when he steps on the gas—not 30 seconds later—if you like your car to start when you touch the starter button—not after you grind your battery down, if you want every nickel's worth of mileage from every single gallon of gas you pay for—instead of wasting it in the firing chamber; if you're sick and tired of cleaning, setting and replacing spark plugs—then you're the man for us.

Up to now these SA FIRE INJECTORS were practically made by hand and would have had to sell for as high as \$5 each. But we knew that 30 or 40 dollars for a set of 6 to 8 SA FIRE INJECTORS was more than the average driver could afford—so we decided to get the price down so low that these injectors would pay for themselves 12 times, in one year of driving. So here is my astonishing proposition. If you will check your car's performance carefully before and after you install your SA FIRE INJECTORS and then tell your friends and neighbors about them, here is what I am prepared to do for you.

You can have a set of SA FIRE INJECTORS for the year and model of your car for a fraction of their value... that's \$1.49 each... only \$8.94 for a 6-cylinder car or \$11.92 for an 8-cylinder car. Now, if your SA FIRE INJECTORS don't meet every specification in my GUARANTEE—INSURANCE—INDEMNITY, if they do not continue to deliver maximum performance for the life of your car... you get your money back on 10-day no-risk basis!

Creedmoor

Creedmoor chapter is in the midst of a terrific membership drive. In the near future members will be given literature explaining the drive and encouraging each member to bring in a new member.

Bessie Bopp and Violet Palmer were seen dunking doughnuts at the local shop the other night. Julia Steinbacher is on vacation. Luther Baird ditto.

Any employee who collects stamps should contact Ken Favreau in the pay roll department. Some of the employees have organized a stamp club, known as the Creedmoor Stamp Club.

The bowling season is well under way. There are four different leagues going now on the hospital alleys and it promises to be a big year.

Some of the girls have joined the women's league in Queens Village. Rita Shover was crowing to us about a hot 175 she rolled the other night.

Metro Public Service

At a membership meeting held Treasurer Nat Elgot reported a gain of 32 chapter members over last year. Pres. Herbert Kampf reported that all per diem employees will soon come under normal attendance rules and that the Civil Service Commission is conducting a job classification survey.

Mr. DuCharme and Ann Yacovone will be in charge of the annual turkey raffle and this year's Christmas party will be headed by Frank DuCharme, assisted by Ethel Galloway (Power), Florence Osinski and Philip Wexler (Hearing), Lillian Montag (Utility Ac-

SEND GREETING:

Upon the petition of National Bank of Westchester, White Plains, as Substituted Trustee under the Last Will and Testament of Matthew Byrnes, deceased, with its office at 31 Mamaroneck Avenue, White Plains, Westchester County, New York, verified the 17th day of September, 1958. You and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at the Hall of Records in the County of New York, on the 28th day of October, 1958, at half past ten o'clock in the forenoon of that day, why the supplemental account of proceedings of National Bank of Westchester, White Plains as Substituted Trustee under the Last Will and Testament of Matthew Byrnes, deceased, should not be judicially settled and why the Court should not approve a certain Stipulation with respect to a compromise herein and with respect to the Trustee's contract as set forth in schedule "V" of said supplemental account, and why said agreement should not be binding upon the Trustee and all persons cited herein having an interest herein, which Stipulation in part provides for the payment of attorneys fees as follows: To Davis Polk Wardwell Sunderland and Knudt, the sum of \$3,500 and for the payment of disbursements in the sum of \$219.50; to Burt & Hanson, the sum of \$1,750; to Angelo Cooney Marsh & Gucklerman, the sum of \$1,250, and why the detailed affidavits, notices and citations pertaining to such payments as required by Section 231(a) of the Surrogate's Court should not be dispensed with, and why an allowance for Edward Edelman, the special guardian herein, should not be approved, and why the last day for filing objections to said account shall not be peremptorily established as of the 30th day of October, 1958, which is two days following the return date hereof.

IN TESTIMONY WHEREOF, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed. WITNESS: Honorable S. SAMUEL DI FALCO, a Surrogate of our said County at the County of New York this 18th day of September in the year of Our Lord One Thousand Nine Hundred and Fifty-eight. (Seal) s/PHILIP A. DONAHUE, Clerk of the Surrogate's Court. GERALD F. FINLEY, Attorney for Petitioner, 345 Fifth Avenue, New York 17, N. Y.

LEGAL NOTICE
As a Special Term, Part II, of the City Court of the City of New York, County of Bronx, held at the Courthouse thereof, 851 Grand Concourse, on the 20th day of October, 1958.
PRESENT: HON. HYMAN KORN, Justice.
In the matter of the application of SARAH ORNSTEIN, for leave to change her name to SHIRLEY ORMSBY.
Upon reading and filing the petition of SARAH ORNSTEIN, duly verified the 5th day of October, 1958, praying for leave of the petitioner to assume the name of SHIRLEY ORMSBY in place of her present name, and the Court being satisfied thereby that the arguments contained in said petition are true, and it appearing that the petitioner was born on the 1st day of February, 1919, at Niagara Falls, County of Welland, Toronto, Canada, and that there is no reasonable objection to the change of name as proposed.
NOW, on motion of FREDERICK W. SCHOLEM, attorney for the petitioner, it is
ORDERED, that Sarah Ornstein, be, and she hereby is authorized to assume the name of SHIRLEY ORMSBY on and after the 25th day of November, 1958, upon condition that she shall comply with the further provisions of this order; and it is further
ORDERED, that this order and the aforesaid petition be entered and filed within ten days from the date hereof with the Clerk of this Court, and that a copy of this order shall within twenty days from the entry thereof be published at least once in the Civil Service Leader a newspaper published in the City of New York, County of Bronx, and that within forty days after the filing of this order, proof of the publication thereof shall be entered and filed with the Clerk of the said City Court of the City of New York, County of Bronx, and it is further
ORDERED, that a copy of this order shall be served by the Alton Registration Department of the Immigration and Naturalization Service of the United States, at their office, 70 Columbus Avenue, in the Borough of Manhattan, City and State of New York, within thirty days after the date thereof; and it is further
ORDERED, that following the filing of this petition and order as herein directed, and the publication of such order, and the filing of proof of publication thereof, on and after the 25th day of November 1958, the petitioner shall be known by the name of SHIRLEY ORMSBY, and by no other name.

Upon the petition of ABRAHAM L. BIENSTOCK, residing at 29 East 63rd Street, New York, N. Y. and STANLEY J. HALLE, residing at Apple Hill Farm, Chappaqua, New York.
You and each of you are hereby cited to show cause before the Surrogate's Court of New York County, held at the Hall of Records in the County of New York, on the 25th day of November, 1958, at half-past ten o'clock in the forenoon of that day, why the accounts of proceedings of Abraham L. Bienstock and Stanley J. Halle, as Trustees of the trusts under Paragraph SEVENTH of the Will of Paul M. Ryk, deceased, as supplemented, should not be judicially settled to September 23, 1958, and why the compensation of the firm of Abraham L. Bienstock for legal services rendered to the trusts under Paragraph SEVENTH of said Will and to their representatives for the period from September 12, 1946 through the date of entry of a decree settling petitioners' accounts should not be fixed and allowed in the sum of \$1,500, for the trust under Paragraph Seventh subdivision (a), in the sum of \$750, for the trust under Paragraph Seventh, subdivision (b), and in the sum of \$750, for the trust under Paragraph Seventh, subdivision (c) and why approval should not be given to the payment to Jules Peretz for accounting services rendered subsequent to May 31, 1958 in connection with the preparation of the said accounts of the sum of \$850, from the trust under Paragraph SEVENTH, subdivision (a), \$500, from the trust under Paragraph SEVENTH, subdivision (b) and \$500, from the trust under Paragraph SEVENTH, subdivision (c).
IN TESTIMONY WHEREOF, we have caused the seal of the Surrogate's Court of the said County of New York to be hereunto affixed.
WITNESS, HONORABLE S. SAMUEL DIFALCO, a Surrogate of our said county, at the County of New York, the 6th day of October in the year of our Lord one thousand nine hundred and fifty-eight.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Newark State

Dr. Wladislaw Colonna Klaczynski, supervising psychiatrist, is taking a ten weeks' postgraduate course at the New York State Psychiatric Institute in New York City.

Mrs. Geraldine Collins, Mrs. Doris Fortmiller, Mrs. Marylouise Hinchman, Mrs. Mary Constance Baker, Mrs. Helen Bracy, and Mrs. Ruth Rockefeller of the Education Department visited the Day Care Center for Handicapped Children and the Cerebral Palsy Clinic in Rochester, New York.

The highlight of the Scouting program at Newark State School last month was a three-day trip to West Point for a group of Explorers and Scouts. The boys went

by bus and passed many points of interest enroute. In spite of continuous rain, they camped out at Round Pond, attended a football game, and enjoyed experiences touring West Point, which they will never forget.

Mrs. Geraldine Collins, Institution Education Supervisor, attended a meeting of the Planning Committee for the C. E. C. Conference to be held in Rochester on November 7 and 8.

George E. Bracy, senior institution teacher, who is in charge of the adult boys' classes at Newark State School, started his field trips. He took eight of his boys to Syracuse, New York, where they visited the Old French Fort and the Salt Museum. These field trips always include a period for lunch

and shopping, which are very important experiences for our young men.

Four members of Explorer Troop 147, Boy Scouts, journeyed to the Horn Farm on Lake Ontario to attend the junior leader training course conducted by Mr. Houghton, neighbor training commissioner.

Mrs. Caroline LeViness, Supervisor of the Lyons Colony, has retired from state service and was given an informal luncheon at the Colony which was attended by Colony Supervisors from Penn Yan, Canadaigua, and Newark. The girls of the Lyons Colony also gave Mrs. LeViness a surprise party one evening in grateful acknowledgement of her interest in the colony and patient-training

program for many years.

Mary A. Hotchkiss, supervisor of social work, and Marguerite Vonker, Rochester area worker, attended the luncheon meeting of the Recreation Committee on Mental Retardation at the Health Association in Rochester.

Marie Donaldson has been spending several days of her vacation with her sister in North Hickory, Pa.

Carl West flew home from Akron, Ohio after his stay in St. Thomas Hospital there.

Mr. Gaffney, Laundry Consultant from the Department of Mental Hygiene and Mr. Hrbek and Mr. Meckler of the Department of Public Works visited the Newark State School.

Howard J. Wiebeld has been

spending a two weeks' furlough with his parents at 407 W. Miller St. He has now returned to his base at Penecola, Fla.

Condolences are extended to Mrs. Hilda Bulsch in the recent death of her father in North Rose; to Mrs. Florence Coomber in the death of her mother in Honeoye Falls; and to Kenneth Kless in the death of his mother in Canandaigua.

Joseph Collins is confined to his home on East Union St. because of illness.

Meta Gaboury is on a trip to the New England States.

Hazel Weicher and Emmanuel Marciano are patients in the employees' wing in Vaux Memorial Hospital.

COUNTY DELEGATES GET TOGETHER AT MEETING

These three noted County members of the Civil Service Employees Association were photographed during their attendance at the 48th annual meeting of the Association, held recently in Albany. They are, from left, Arthur Darrow, Welthia B. Kip and Samuel Borelly.

ACTIVITIES OF EMPLOYEES THROUGHOUT NEW YORK STATE

Craig Colony

The monthly meeting of the Alumni Association of the Craig Colony and Hospital School of Nursing was held in the School of Nursing Classrooms, Peterson Hospital, Sonysa.

Mrs. Ruth M. Jones, R. N., president, presided.

Sam Cipolla, chairman of the legislative committee, and Mrs. Louise Little, chairman of the welfare committee, presented reports.

The highlight of the meeting was a discussion and demonstration of new and improved hospital equipment presented by Carl Sleeper, representing the Gilbert Hyde Chick Company of Paterson, N. J. Mr. Sleeper demonstrated the advantages of the Foster Bed and of other equipment innovations designed to facilitate and improve the care and treatment of orthopedic patients.

Mrs. Jones had urged all members to attend the CSEA annual meeting, if they could arrange to do so.

District No. 4

A retirement party for Jack Lovely, Senior Supt. of Construction in this District was held at Logan's on Scottsville Road in Rochester. Among the 165 associates and friends attending to honor Mr. Lovely were his son, John E. Lovely, Jr., Burke Lovely, his brother, district supervisor L. J. Honan Sr., of the Division of Architecture, and B. F. Perry, our district engineer.

Those attending from the Albany office were John J. Farrell, general supervisor of building construction, George W. Flynn, principal building construction engineer, James J. Burke, associate mechanical construction engineer, George H. Dyke, principal building construction engineer, all of the Division of Architecture.

Chapter Heads

(Continued from Page 1)

Meanwhile all chapter presidents are invited to write to Foster Potter, Chairman of the Public Relations Committee, in care of the Department of Agriculture and Markets, Albany 1, N.Y., briefly outlining the kind of problems on which they desire help such as procedures, activities, publicity, membership drives or making any suggestions they care to contribute to the program. The committee already has received offers from teacher-members of the Association to give their services. More are needed for the oral instruction features, Mr. Kerker said.

ture.

A telegram from Governor Averell Harriman and a letter from Carl W. Larson, state architect, wishing Mr. Lovely a long and happy retirement were read at the dinner. A portable T.V. set was presented to him as a parting gift.

Mr. Lovely began his State service 38 years ago, with the highway department of the Binghamton office. Five years of that service was with the highway department, followed by 33 years with the Division of Architecture. He worked out of White Plains and Poughkeepsie, and was assigned to Surveys and Construction on the Storm King Highway. He was superintendent of construction at Mattewan State Hospital, Utica State Hospital, Marcy State Hospital and Rome State Hospital. Between the years 1928 and 1930 he was assigned to work on Sing Sing Prison, Wassiac State School and the new State Office Building. The following seven years were spent as office engineer with W. A. Neal, district supervisor. From 1937 he has worked with L. J. Honan Sr., district supervisor, on various assignments in Buffalo, Niagara Falls, Gowanda, Fredonia and Iroquois, as well as at Albion, Attica, Batavia, Brockport, Hamlin Beach, Medina, Genesee and Newark.

The employees of the Public Works offices in District 4 join in extending to Mr. Lovely our best wishes for his health and happiness in his retirement years.

Fort Stanwix

Wedding bells are ringing for Bernice Neiman, chief supervising nurse, and William Bellinger. Our congratulations to the happy couple.

Welcome home to Dr. Rudolph and Mrs. Prister, who have just returned from a six week tour of Europe.

The chapter extends sympathy to the families of Arthur Nichols and Ruby Bouton. Both faithful employees, they will be missed by all.

Nell Wojnas and Celestine Latus are vacationing in Pennsylvania.

A patio picnic was given at the home of Mr. and Mrs. Harold Sawyer for Jim Kelleher who has taken up his duties as chief account clerk at Rockland State Hospital. He was presented with gifts from the group, who wish him every success in his new position.

Al Langenstein recently transferred from the Department of Mental Hygiene office in Albany to head account clerk at Rome State School. His trip to Rome was delayed by the birth of a son. Congratulations to the happy parents.

The chapter extends condolences to Mary Mullally and Mrs.

Do Your Part For CSEA Membership

This issue of The Leader lists a legislative program designed to bring millions of dollars in benefits to public employees on all levels. The greater membership the Civil Service Employees Association can claim, the greater chance for success in gaining these benefits. Pass this copy of The Leader on to a non-member and show him the vigor and intelligence with which your Association is fighting for the public employee. A new member is an added asset. Do your part in adding to the assets of your Association.

HARRIMAN APPOINTS CORSI TO A STATE BOARD

ALBANY, Oct. 27 — Governor Harriman swore in former State Industrial Commissioner Edward Corsi of New York City as a member of the State Unemployment Insurance Appeal Board for a term ending in 1964.

Mr. Corsi, a member of Governor Harriman's Committee on Refugees and the Governor's committee on Improper Labor and Management Practices, was appointed chairman of the State Industrial Board in 1943 by Governor Thomas E. Dewey. Later that same year he was made State Industrial Commissioner, which post he held until 1954.

Changes Due In CSEA Group Life Deductions

If your payroll deduction for CSEA insurance changes on the State payrolls for the bi-weekly period ending November 5th, it is because you have been issued additional Group Life Insurance based on your salary, or your attained age has moved you into the next higher premium bracket.

The CSEA Master Group Life Insurance Contract, under which over 43,000 of its members are insured, provides that, effective November 1st of each year, the amount of insurance of each insured member be adjusted based on the annual salary of the insured member as of November 1st.

In the certificate which has been issued to each CSEA member insured under its Group Life Plan, there is printed a table showing the amounts of insurance issued based on salaries, and another table which shows the cost of the insurance at the various attained age.
